

WOMEN'S RESOURCE CENTER

WHAT WE DO FOR STUDENTS

WHO WE ARE

The Women's Resource Center (WRC) has been a place of advocacy and support for all members of the University of New Mexico and greater community since 1972 -making us one of the first college-based women centers in the country, and one of the first victim service centers in Albuquerque. Founded by students, staff, faculty, and community members the goal was to provide a safe space where women could find and share information and resources as they made their way through higher education and beyond. We value our diverse student population and try to support our students by providing a variety of services, programs, resources and opportunities that are directly responsive to their needs.

OUR MISSION

The Women's Resource Center is a place of advocacy, support, and safety for all members of the University of New Mexico and greater community. Here we are always working to: Prevent and mitigate the impact of gender-based violence and racialized trauma. Provide support and resources to student leaders working towards fostering a more equitable learning environment regardless of gender identity, sex, race, ability, status, age, sexual orientation, economic class, or religious affiliation. Create programming that fosters joyful community space.
