

Message from the VP

Dear Student Affairs Colleagues,

This week I am in Boston along with a delegation of other Student Affairs staff representing UNM at the annual NASPA Conference. This year's conference featured keynotes, general interest sessions, and roundtables that focused on some of the most pressing issues facing postsecondary education and in particular student affairs divisions across the country. Additionally, it was exciting to celebrate Pam Agoyo, director for American Indian Student Services as she received the NASPA Pillar of the Profession Award. Congratulations Pam! It was an excellent reminder that we are not alone, that there is a thriving field of research and experience to support our development of high-quality programming and support for students, and that the UNM student experience already is full of many proactive and equitable best practices that transform student lives. I am excited to continue finding opportunities to share the great work happening here already and enhance our work into the future. If you did not have the opportunity to travel to Boston or attend the virtual conference this year, don't fret as the NASPA New Mexico conference will be held here on campus in the SUB on May 25th and 26th. You can register for that conference [here](#).

In just two days our division will gather for the annual Louie Awards at the Club Level-Zone (north lobby, 2nd Floor in the PIT) followed by a special Student Affairs day at the UNM Lobo baseball and softball games. Parking is in the north parking lot of the Pit, TLC parking north 1 and 2 lots (see attached map). If you filled out your RSVP form for game tickets, please come by Scholes Hall 229 today or tomorrow between 8 a.m. to 5 p.m. to pick up your reserved game tickets and shirt. If you didn't RSVP, you're welcome to join us at either game by purchasing tickets on your own for \$3 each via these links [baseball tickets](#), [softball tickets](#).

I hope to see you there to gather in celebration of everything that makes Student Affairs at UNM a special place to be!

With appreciation,
Eric
