

## Message from the VP

Dear Student Affairs Colleagues,

As we move through the summer, I want to call attention to an outstanding opportunity to recognize your colleagues who are performing exceptional work at UNM. Our student-centered work is inspiring and can influence best practice across the country. I hope you will take the opportunity, therefore, to submit a nomination for a NASPA Region IV-West award. As the host site for the 2024 conference, we have an opportunity to truly showcase the great work happening here in the “Land of Enchantment.”

Related to the upcoming NASPA Region IV-West conference, I am pleased to share that our own Brandi Stone is now part of the conference leadership team as she assumes a role planning and coordinating the NASPA Undergraduate Fellows Program (NUFP) offerings. Brandi has previously supported NUFP students here at UNM and is poised to offer her skills and experience to others through this service. I’m looking forward to having this outstanding professional development opportunity right at our doorstep.

With appreciation,

Eric
