WHO WE ARE
Air Force Reserve Officer Training Corps (AFROTC) Detachment (Det) 510 is one of 145 detachments across the nation charged with training potential, highly qualified students/cadets into the next generation of United States Air or Space Force officer leadership. Upon successful completion of the AFROTC program, individuals receive a commission as a Second Lieutenant in the United States Air or Space Force.

AIR FORCE ROTC MISSION
To recruit, develop, train, and commission premier Air and Space Force officers through our tradition of excellence.

PROGRAMS, SERVICES & INITIATIVES
At Det 510, we have successfully commissioned over 1,000 officers into the Air Force since 1949 and 1 officer into the Space Force. In this complex and rapidly evolving world, the Air and Space Forces needs dedicated and professional leaders, and Det 510 is located at UNM to help provide these leaders. These men and women will have the opportunity to command and control assets in air, space, and the ever-evolving cyberspace of today’s military. Our job is to prepare college students to meet the challenges of officerhip and instill the pride and traditions that have upheld the United States Air and Space since their creation in 1947 & 2019.
