WHO WE ARE
Support services particularly for low-income, first generation students to ensure equal access to education. Fosters excellence through a collaboration of services including academic support and advising; career exploration and cultural opportunities; orientation. Focus on transition and retention. Offers guidance to increase overall development in higher education.

CEOP MISSION
Provides holistic support to student populations that are underrepresented, including students who are 1st Generation, low-Income, and/or are from rural areas. Inspire students to pursue a college education on their own terms. Advocate for policies and attitudes that support equitable access for students. Innovate by developing programs and initiatives that promote opportunities for successful pathways. Achieve success by fostering community engagement with our current students and CEP alumni.
