

ACCESSIBILITY RESOURCE CENTER

WHAT WE DO FOR STUDENTS

WHO WE ARE

Accessibility Resource Center collaborates with the campus community to remove barriers that exist in the college environment so that students with disabilities will have a level playing field and an equal opportunity to fully participate in all courses, programs and services that UNM provides. We remove barriers by providing reasonable accommodations. ARC is committed to social justice, which prioritizes an individual's dignity and experience. We believe that each of us defines all of us: valuing every member of UNM enriches our entire academic community.

OUR MISSION

Accessibility Resource Center (ARC) recognizes individuals with disabilities as an integral part of a diverse community and is committed to the provision of comprehensive resources to the University community (faculty, staff, and student) in order to create equitable, inclusive, and practical learning environments.

HOW WE IMPACT STUDENTS

ARC offers resources to the University of New Mexico (UNM) self-identified students with disabilities. This includes students with visual, hearing, learning, mobility disabilities, and chronic and mental health diagnoses. ARC's purpose is to ensure equal access and inclusive learning environments throughout the campus community for students with disabilities. Faculty and academic support staff should refer students to ARC when they have disclosed information regarding a disability/diagnosis.
