

WOMEN'S RESOURCE CENTER

WHAT WE DO FOR STUDENTS

WHO WE ARE

The Women's Resource Center (WRC) has been a place of advocacy and support for all members of the University of New Mexico and greater community since 1972 -making us one of the first college-based women centers in the country, and one of the first victim service centers in Albuquerque. Founded by students, staff, faculty, and community members the goal was to provide a safe space where women could find and share information and resources as they made their way through higher education and beyond. We value our diverse student population and try to support our students by providing a variety of services, programs, resources and opportunities that are directly responsive to their needs.

WRC MISSION

We are a place of safety, support, and advocacy for all members of the UNM community. We are here to help, to provide resources and information, and to provide services and student-driven programming that increases a) awareness about issues affecting women and b) acceptance, inclusion, and equity across campus. Through a feminist model of empowerment, we offer

educational, social, and cultural programming aimed at encouraging women's self-determination and community engagement. Promotes awareness and the advancement of women's rights to ensure equity regardless of gender identity, sex, race, ability, status, age, sexual orientation, economic class, or religious affiliation.
